ITHACA ORAL SURGERY & IMPLANT CENTER POLICY

Our office is committed to providing you with the best possible care. If you have dental insurance, we are anxious to help you receive your maximum allowable benefits. We participate with select dental and medical insurance plans. However, we do not participate with many plans that only allow us to be paid a mere fraction of the usual rates we charge for our services. We hope you can appreciate that.

We will assist you in filling out your insurance forms so that you can be reimbursed as quickly as possible. We have a generic form; even if you do not have your insurance company's specific form, this is readily accepted. Procedures such as biopsies may fall under medical insurance, and we will help you submit this. If your insurance carrier requires a referral, please provide that to us. *As an aside, it is helpful to have a referral from your dentist for treatment indicated and any recent x-rays at the time of consultation.* We may need to take additional x-rays if necessary to adequately diagnose your condition.

Not all oral surgery procedures are covered by benefits in all contracts. This office quotes current fees that are within the usual and customary range of oral & maxillofacial surgery practices in our area. Our help in filing a claim for you does not guarantee payment by the insurance company. We try to discount students and senior citizens when possible. Some procedures, like biopsies, have a fee from our office but also have a fee generated to you by the lab that processes the biopsy. The lab will send you a bill for those charges directly.

We must emphasize that as an Oral Surgery practice, our relationship is with YOU and not your insurance company. While we will help you file claims, you are responsible for fees at the time of service. We accept checks, cash, and credit cards for payment. If we are a provider for an insurance plan, we will collect the fee portion not covered by the insurance on the day of service.

If you do not have insurance, we will also assist you in understanding our fees for service and payment policy. Please know we are trying to keep our fees reasonable and affordable. If you have any questions about the above information or any uncertainty regarding insurance or discount plan coverage, please do not hesitate to ask. We are here to help you.
